

ARRANGE
KITCHEN & CABINET MAKERS

Designed and made in Stroud

A FAMILY RUN company in the heart of the Cotswolds, with over 30 years' experience in kitchen and cabinet making. From our Stroud Valleys workshops, we design and craft beautiful British joinery for the home.

From kitchens and boot rooms to everything in between, each space is thoughtfully created to combine elegance, practicality, and timeless style.

ARRANGE

HISTORY

In 1995, Tim began his joinery career handcrafting kitchens and bespoke furniture. Later in his career, he went on to learn interior design, which helped shape the business's more considered approach to kitchen design today.

In 2001, Jake learned the trade from his father, and his daughter, Bunty, later joined the business, helping it grow as a family-run workshop and design studio built on skill, tradition, and care.

OUR KITCHEN DESIGN SERVICE

We offer one-to-one design consultations, recognising the importance of every decision and guiding you through each step of the process.

From our Stroud-based workshop, we bring a truly personal touch to every project. When you visit, not only will you gain design inspiration, you'll have the opportunity to see our craftsmanship first-hand, with pieces coming to life right here in our workshop.

OUR WORKSHOP

From our workshop in the Stroud Valleys, we handcraft all of our kitchens and cabinetry in-house. Each piece is made by skilled makers, with care taken at every stage to ensure lasting quality and attention to detail.

Using traditional joinery techniques and carefully selected materials, everything we create is built to last and stands the test of time.

OUR APPROACH

At Arrange, we're proud of our roots in craftsmanship, but we're always evolving too. Every project is a chance to create something that works beautifully in everyday life.

Practical, well-made, and designed around you.

Our in-house designers work closely with you to create a kitchen that feels truly personal to you and your home.

Each design is tailored to your needs, thoughtfully developed to enhance the character and flow of your space, balancing everyday practicality with a timeless aesthetic.

The importance of colour:

“Colour is carefully considered in every scheme, shaping the overall character of a space. Whether it’s muted neutrals or richer, more expressive tones, finishes are chosen to work naturally with the light, materials, and architecture of your home. Bringing everything together in a way that feels calm, cohesive, and effortless.”

- Mia, Interior Designer at Arrange.

We design practical storage solutions to suit your kitchen needs. This ensures each space is as functional as it is elegant.

Built to last and designed to be lived in, it's a kitchen to enjoy for many years to come.

ROOM DIVIDERS

Room dividers are a considered way to shape space, defining areas while allowing light and flow to move freely throughout the home.

Whether creating separation or subtle structure, they bring character, function, and balance. Creating spaces that feel intentional, connected and easy to live in.

BARS & WINE ROOMS

Wine cabinets and home bars are designed to complement and elevate your living space, they offer a perfect balance of practical storage and elegant display.

They can be fitted seamlessly into the architecture of your home or designed as stand-alone features, each design creates a natural focal point for both everyday living and entertaining.

LARDER ROOMS

Larder rooms provide a dedicated space for storing food and kitchen essentials, helping to keep other spaces clear and uncluttered.

Shaped to the space available, they can be compact cupboards or full walk-in rooms, depending on your home and requirements.

UTILITY ROOMS

Utility rooms deserve just as much thought as the rest of your home, bringing a sense of order, ease, and quiet refinement to everyday routines.

Thoughtfully designed storage keeps everything in its place, while considered layouts make the space simple and efficient to use.

BOOT ROOMS

Boot rooms create a practical yet welcoming transition into your home - somewhere to pause, organise, and leave the outdoors behind. With thoughtfully designed storage for coats, shoes, and everyday essentials, they keep everything in its place while maintaining a calm, uncluttered feel.

FITTED WARDROBES

Wardrobes bring a sense of calm and clarity to your space, beautifully designed to keep everything organised while reflecting your personal style.

From fully fitted designs that blend seamlessly into your room to statement pieces that stand on their own, each wardrobe is tailored to how you live.

WHERE THE JOURNEY BEGINS

Every home starts with an idea. Whether you're reimagining a single item or updating a complex space, the first step is a conversation.

We take the time to understand how you live, and what inspires you. From initial concepts through to the final details, we guide the process with care, clarity, and attention throughout.

Your home is personal, we believe the journey to creating it should be too.
